The MAYRON COLE PIANO METHOD

Five-Lesson Intro to Piano

Blast Off With Piano and ***Blast Off With Piano Junior*** are wonderful opportunities for children to experience how much fun piano classes are, and for parents to "try before you buy" piano lessons. These five-lesson beginner piano books teach how to count rhythm and the keys on the piano. Perfect for summer camp, these courses should be taught in 5 consecutive days with an in-class recital on the last day to sign students up.
