

TRAINING CAMP - PHASE 1

THE RULES OF THE GAME

Be sure to follow the following rules when performing the workouts for weeks 1-3 of ATHLEAN-X™ Training Camp:

1. Warmups should consist of a brief 3-5 minute jog, jump rope, high knee drill, etc. to simply elevate core body temp. Static stretching before a workout is not advised, as it will change muscle length tension relationships and is better saved for after a workout (ideally before bed).
2. When choosing how much weight to use, be sure to use an amount of weight that allows you to complete the prescribed number of reps in good form. You should find the last repetition of the set to require nearly maximum effort to complete.
3. If the last repetition is too easy and you find that you can complete at least 2 or 3 more, increase the load on all subsequent sets.
4. If you are unable to complete the prescribed number of reps on a set, lighten the load accordingly on all subsequent sets to prevent this from happening again.
5. Rest time between all sets in these 3 weeks of workouts is 60 seconds, except for core exercises, where you want to keep your rest to no more than 30 seconds between each or transition time only.
6. Rep cadence should be 1-2 seconds on the concentric, slight pause, and 3 seconds eccentric.
7. Perform all sets of each exercise before proceeding to the next exercise in the workout. This will set the stage for success and build your foundation strength for later in the program.
8. Perform all conditioning drills with the best footwork, and highest effort you can for best results. **ALSO – If you don't have access to equipment called for during a Tuesday or Thursday conditioning workout you can either repeat one of the earlier workouts or use my Ironman, 4 Minutes of Hell (3 rounds), Invictus, 300, X-pendables, Hurricane Headrush or other burst conditioning workout from YouTube in its place.

And last but not least...

Always remember, nothing worth having comes easy. Just when it feels like the workout is too hard...just remember how good you're going to look and push through!

TRAINING CAMP - PHASE 2

THE RULES OF THE GAME

Be sure to observe the following rules when performing the workouts for weeks 5–7 of ATHLEAN-X™ Training Camp:

1. Warmups should consist of a brief 3-5 minute jog, jump rope, high knee drill, etc. to simply elevate core body temp. Static stretching before a workout is not advised, as it will change muscle length tension relationships and is better saved for after a workout (ideally before bed).
2. When choosing how much weight to use, be sure to use an amount of weight that allows you to complete the prescribed number of reps in good form. You should find the last repetition of the set to require nearly maximum effort to complete.
3. If the last repetition is too easy and you find that you can complete at least 2 or 3 more, increase the load on all subsequent sets.
4. If you are unable to complete the prescribed number of reps on a set, lighten the load accordingly on all subsequent sets to prevent this from happening again.
5. Rest time between all sets in these 3 weeks of workouts is 30-45 seconds to really pick up the pace and rev up the metabolism. Core exercises remain 30 seconds rest or transition time only.
6. Rep cadence should be 1-2 seconds on the concentric, slight pause, and 3 seconds eccentric.
7. Perform all sets for each exercise before moving onto the next exercise in the workout.
8. Perform all conditioning drills with the best footwork, and highest effort you can for best results. **ALSO – If you don't have access to equipment called for during a Tuesday or Thursday conditioning workout you can either repeat one of the earlier workouts or use my Ironman, 4 Minutes of Hell (3 rounds), Invictus, 300, X-pendables, Hurricane Headrush or other burst conditioning workout from YouTube in its place.

And last but not least...

Remember—as the old saying goes—there is no elevator to success. You have to take the stairs! By now you should be stepping up them two at a time!

TRAINING CAMP - PHASE 3

THE RULES OF THE GAME

Be sure to observe the following rules when performing the workouts for weeks 9–11 of ATHLEAN-X™ Training Camp:

1. Warmups should consist of a brief 3-5 minute jog, jump rope, high knee drill, etc. to simply elevate core body temp. Static stretching before a workout is not advised, as it will change muscle length tension relationships and is better saved for after a workout (ideally before bed).
2. When choosing how much weight to use, be sure to use an amount of weight that allows you to complete the prescribed number of reps in good form. You should find the last repetition of the set to require nearly maximum effort to complete.
3. If the last repetition is too easy and you find that you can complete at least 2 or 3 more, increase the load on all subsequent sets.
4. Perform 1 set of each exercise in the “pair” without resting in between. This is one set. Perform all sets for the pair before moving onto the next pair in the workout.
5. If a pair has exercise A and B, perform exercise a then b without resting in between. When complete...return to A then B again for the prescribed number of sets for that circuit.
6. Rest time between “pairs” in these 3 weeks of workouts is 60 seconds. Keep core exercises rest time to virtually zero. Perform all core exercises as one giant set and repeat.
7. Rep cadence should be 1-2 seconds on the concentric, slight pause, and 3 seconds eccentric.
8. Perform all conditioning drills with the best footwork, and highest effort you can for best results. **ALSO – If you don’t have access to equipment called for during a Tuesday or Thursday conditioning workout you can either repeat one of the earlier workouts or use my Ironman, 4 Minutes of Hell (3 rounds), Invictus, 300, X-pendables, Hurricane Headrush or other burst conditioning workout from YouTube in its place.

And last but not least...

As Bill Gates once said, “If I had some set idea of a finish line, don’t you think I would have crossed it years ago?” – Don’t let this be your finish line...just another step along the way to totally transforming your body to its ultimate potential!
